COMMUNICATIONS.

The following from the Citizens' Association was received, and, on motion of Mr. RUNDELL, ordered printed in minutes:

ALBANY, N. Y., *November*, 1893.

To the Honorable the Board of Supervisors of Albany County:

GENTLEMEN. — The Citizens' Association of Albany, which has for many years examined the legal grounds for the charges against this county, in view of the fact that no special committee has been appointed this year to examine the legality of the claims presented to you, respectfully submits for your consideration the following suggestions in regard to them:

This statement is confined principally to the legal objections to the claims except that where the amounts charged appear to be excessive, in some cases a hearing before the committee to which the bills may be referred is asked for; but in other cases where the amount at which the claim is to be audited rests in the discretion of the Board, the Association feels confident that a proper reduction will be made.

As no questions are presented by the bills before the present Board which have not been passed upon in previous years, it is hoped that this statement will enable the Board to save, as have similar statements in the past nine years, the large sum formerly paid counsel.

The Association respectfully requests that, as to those bills upon which a hearing is asked, it may be granted before the respective committees to which such bills may be referred; and

that notice of such hearing may be given to JAMES FENIMORE COOPER, Esq., its attorney, at his office, No. 25 North Pearl street, Albany.

The following is the statement referred to:

No. of claim.

5. From this claim, as printed, the Board would seem to have no jurisdiction to allow it. A hearing is respectfully asked upon it.

41. } These bills seem to be excessive, as, under the agreement
42. } entered into on behalf of County, the services should
45. } have been rendered for $80, instead of $100.

51. A hearing is respectfully asked on this claim.

54. This claim cannot be allowed by the Board of Supervisors, unless it is certified by the Superintendent of the Poor.

59. }
60. } A hearing is respectfully asked on these claims.

84. }
85. } A hearing is respectfully asked on these claims.

103. This claim should be certified.

154. }
162. } A hearing is respectfully asked on these claims.

174. A hearing is respectfully asked on this claim.

195. So far as appears from this claim as printed, the greater part of it is not a county charge, but a charge against the clerk individually. A hearing is respectfully asked upon it.

198. Before this claim is allowed it should be certified by the Superintendent of Soldiers' Burials.

201. The Board of Supervisors has no jurisdiction to act upon this claim. A hearing is respectfully asked upon it.

202. This claim should be certified by the Superintendent of Soldiers' Burials.

204. A hearing is respectfully asked on claim.

209. These goods could only have been legally purchased upon the requisition of the County Treasurer. A hearing is respectfully asked on this claim.

225. A hearing is respectfully asked on this claim.

The following is a brief statement of the rules of law applicable to the audit of many of the claims before this Board for consideration, and which are not referred to in the above statement:

Every claim presented for examinations in lunacy proceedings should be accompanied by the proper order directing the making of the examination.

COMMUNICATIONS.

The following communication from James Moore was received and on motion of Mr. LESTER was referred to the Committee on Erroneous Assessment:

To the Honorable the Board of Supervisors of the County of Albany, N. Y.:

Your petitioner, the undersigned, is the owner of 44 Erie street, in the City of Cohoes. Through a clerical error on the part of the Assessors of said city, said property was assessed at $5,500 instead of $500 in the year 1892. At that time the Assessors certified to the Common Council of said city that such an error had been made and it was ordered corrected and the city tax was reduced to a basis of $500. Your petitioner would

therefore ask your Honorable Body to reduce the State and county tax on said parcel of land to a basis of a valuation of $500.

JAMES MOORE.

The undersigned, Assessors for the City of Cohoes, 1892, hereby certify that, through a clerical error, No. 44 Erie street, Cohoes, was assessed at $5,500 instead of $500 in the year 1892.

JOHN HORROCKS,
A. T. CAULKINS,
Seal.

The following from the District Attorney was received and, on motion of Mr. RUNDELL, was ordered printed in the minutes:

STATE OF NEW YORK,
COUNTY OF ALBANY,
DISTRICT ATTORNEY'S OFFICE.
ALBANY, *November* 25, 1893.

To the Honorable the Board of Supervisors of the County of Albany:

Your attention is respectfully called to the following provisions of the Revised Statutes of the State of New York, relating to the preparation of lists of Grand Jurors by the Supervisors, particularly to the words which I have italicised:

"In preparing lists the said Boards of Supervisors shall select such persons only, *whose names appear upon the last assessment-roll of the town or ward*, as they know, or have good reason to believe, are possessed of the qualifications by law required of persons to serve as jurors for the trial of issues of fact, and are of *approved integrity, fair character, sound judgment and well informed.*" (Sec. 3, Art. 1, Tit. 4, Chap. 2 of Part 4, R. S., as amended by Chap. 156, Laws 1890.)

The attention of preceding Boards of Supervisors has been repeatedly called to this statute. I regret to say, notwithstanding this notice given, examinations of the Grand Jury panel have shown, in many instances, that the law has not been fully complied with in some localities.

I desire at this time to lay special stress upon the duty which devolves upon your honorable Board of selecting for Grand Jurors in this county only men of unimpeachable character, who are possessed of the qualifications required by law. That Grand Juries, exercising, as they do, functions of the greatest consequence to the well-being of society, should be composed of the best men of the community, is a proposition, the truth of which needs no demonstration.

It is proper to call the attention of the members of your honorable Board to the fact that a wilful disregard of the statutory duty above referred to is an offense against the penal law of the State.

Yours very respectfully,

JAMES W. EATON,

District Attorney of the County of Albany.

UNFINISHED BUSINESS.

The PRESIDENT announced, as the special committee to apportion the Grand Jurors for the year 1894 the following named Supervisors, to wit: Messrs. Lynch, Gaffney, Dyer, Quay, Putnam.

REPORT OF SPECIAL COMMITTEE.

Mr. Weaver, being present to make his annual report as Special Committee, representing the county of Albany before the State Assessors, was given the privilege of the floor. Prefacing his report with the statement that for the past twenty-four years, excepting one, it had been his pleasant duty to present to the Board of Supervisors of this county a report similar to the one he had to offer to the Board, to-night. The language of the report, from that long period of use, had got to be almost stereotyped, but his object had always been to make it expressive, and, at the same time, take up as little of the time of the Board, and the space in its journal, as was

absolutely necessary. He was not at all anxious to represent the county, further, in his present capacity, as the pay, $300, was a mere bagatelle in comparison to what lawyers would charge, if one should be retained to perform the duties devolving upon your representative before the State Board of Assessors. Some one should be selected to properly represent the county in this capacity, and protect it from imposition by that body. New York city now had a State Assessor, after striving for one for many years, and it was the determination of that locality, through the State Assessor, to unload one hundred millions upon the other sections of the State. Sixty millions had already been taken off the valuation of New York city, and distributed on other localities throughout the State, but none of that sum had been added to the burdens of Albany county. The following constitutes Mr. Weaver's report, which, on motion of Mr. ELIFF, was received and ordered printed:

To the Honorable the Board of Supervisors:

The undersigned, as a Committee on State Equalization, would report as follows:

The total State valuation of real estate for year 1892 was $3,626,645,093, being an increase over the year 1891 of $99,999,278, or .0284 per cent.

The proportion of this increase that should be assumed by Albany county is $2,347,380.

The equalized valuation of real estate in the county of Albany for the year 1892, as made by the State Board of Equalization, was $82,784,383. Add to this the $2,347,380 (Albany county's proportion of the increase in the State), would make the equalization of the real estate of Albany county for the year 1893, $85,131,763, instead of which it was made $84,116,927, being a reduction of $1,014,836. The proportion of the State tax paid by Albany county for the year 1892 was .023474 per cent, and for year 1893 it is .023194 per cent, being a difference of .00028 per cent, or $1,014,836.

All of which is respectfully submitted,

December 4, 1893.

WM. J. WEAVER,
Committee on State Equalization.

John Bowe, County Treasurer, being duly sworn, says that the foregoing is a true statement, as required by resolution of January 10, 1884, of the payment made by him for burial of deceased soldiers.

JOHN BOWE, *County Treasurer.*

Subscribed and sworn to before me, this }
6th day of December, 1893. }

THOMAS F. MASON, *Notary Public for Albany Co.*

The following petition from Timothy Moore, of the city of Cohoes, was received, and on motion of Mr. LESTER, it was referred to the Committee on Law:

To the Honorable Board of Supervisors in and for the County of Albany, N. Y.:

GENTLEMEN.— The undersigned respectfully shows unto this Board that he is the owner of the house and premises No. 34 Congress street, Cohoes, N. Y. That the Assessors of the city of Cohoes in making their last assessment in the year 1892, unjustly assessed the valuation of said property at ($4,500) four thousand five hundred dollars. That the said property only cost ($3,500) three thousand five hundred dollars, and that there has not been any marked improvements since. That the property is not worth over ($3,000) three thousand dollars. That the Assessors did not give notice, as prescribed by law, of the imposition proposed to be laid upon him. That he was deprived of an opportunity of making any suggestion or explanation to the proper board. That the undersigned did appear pursuant to the notice given by the Assessors, and at the place by them designated, to ask to have the assessment corrected, but the Assessors were not present. That the undersigned appeared on the 27th day of August, 1893, pursuant to the said Assessors' notice, and was refused admission. That the undersigned has never been given an opportunity, as provided by law, to be heard in regard to the unjust tax that has been levied upon his property. That the undersigned has been unjustly taxed and deprived of his rights, and has been refused the opportunity given him by law. That the Assessors of the city of Cohoes neglected to meet for review as required by statute, and that the undersigned has been greatly aggrieved by the unjust and erroneous assessment placed upon his property. The undersigned respectfully petitions this honorable Board to review and correct such assessment, to the end that his property might be assessed at its correct valuation.

The following from the Penitentiary Commissioners was received, and on motion of Mr. PATTERSON was ordered printed.

REPORT OF THE COMMISSIONERS.

To the Honorable the Board of Supervisors of Albany County:

The Commissioners of the Albany Penitentiary, in obedience to the requirements of chapter 261 of the Laws of 1885, respectfully submit herewith their annual report for the year ending November 1, 1893.

Exhibit A, hereto annexed, shows the receipts in detail from November 1, 1892, and the respective sources of such receipts.

Exhibit B, hereto annexed, gives a detailed statement of the disbursements of the year, and the respective purposes for which they were made,

Exhibit C, hereto annexed, gives a summary of receipts and disbursements.

Exhibit D, hereto annexed, gives the name of each person employed, and his or her compensation.

Exhibit E, hereto annexed, gives in tabulated form the number of prisoners confined each day during the year.

Exhibit F, hereto annexed, shows the gross and net earnings during the year.

The reports of the Superintendent, Physician and Chaplains, are also annexed.

These reports render it unnecessary to elaborate the report of the Commission. The complete and exhaustive statement of Superintendent McIntyre will, we think, answer satisfactorily

every question relating to the financial condition of the prison, the improvements therein, and its future needs.

We have had occasion in the past to highly commend the discipline and administration of this institution under its present Superintendent. We see no reason to detract in the slightest degree from these words of praise, and we feel highly gratified in being again able to congratulate the county upon the successful and intelligent management of this famous prison.

The fact that we are able to offer to turn over to the county $50,000 at this time, as shown by our communication to you of recent date, is the strongest commentary that we can make upon the successful and economical financial administration of the institution.

All of which is respectfully submitted.

JOHN REILLY,
JOHN BOWE,
JAMES W. EATON,
Commissioners.

REPORT OF THE SUPERINTENDENT.

To the Commissioners of the Penitentiary:

GENTLEMEN.—In submitting my fifth annual report, I also transmit a statement of the permanent improvements made during the year, as well as other matters appertaining to the prison and its management.

The industries carried on in the prison are the same as mentioned in my last report, viz.: The manufacturing of brushes, shirts, laundering, chair seating and cane weaving.

On the industries above mentioned there have been employed on an average about five hundred and eighty-five male prisoners, for each working day during the year. Notwithstanding that, owing to the depression in business outside, a great deal of time was lost for want of employment for the prisoners on many of the industries of the prison. The earnings have been at the rate of fifty-six and one-eighth cents per day for each prisoner employed (including the moneys paid for board and maintenance), and an average of thirty-five and three-quarter cents per day *per capita* for the entire population of the prison during the year. The average of cost of maintenance is about thirty cents per day. This rate would be less if compensation had been received for the prisoners sent from the various courts of Albany County. The cost of maintaining those prisoners (at the rate paid by other counties, viz: two dollars and twenty-five cents per week) would amount to $9,622.61.

New floors have been laid on the galleries of the north wing, also in shops Nos. 11 and 12.

On the evening of January 9, 1893, fire was discovered in what was known as shop No. 11, used for part of the brush industry, and owing to a scarcity of water the fire got beyond the means in our possession for controlling fires, and it became necessary to invoke the aid of the City Fire Department, which responded promptly and succeeded in confining the fire to the building in which it originated. Immediate steps were taken to place the building so damaged in repair, and the work was proceeded with at once. The carpenter work was awarded to Mr. Edward A. Walsh, and the roofing to Mr. John H. Moran. New tin roofs were put on shops Nos. 11 and 12, and subsequently on shops Nos. 9 and 10.

The brush industry which had been carried on in shops Nos. 11 and 12 was transferred to shops Nos. 7 and 8.

A new barn seventy-four feet long, twenty-four feet wide and twenty feet high has been erected on the north of the prison, (in the place of the old sheds that stood there for a number of years

past,) at a cost of about five hundred dollars, all the work being performed by the prisoners except the tin roof; the work on which was awarded to Mr. John Doyle.

The flag walk on Delaware avenue, (fronting the prison) from the intersection of Morris street, on the north to Warren street, on the south has been relaid as also the flag walks in the main and north yards, have been relaid and a number of additional walks have been made.

The roofs of the main and south halls and north wing, and shops Nos. 1, 2, 3, and 4, have been painted and put in order and a new tin roof put on shop No, 6.

The "galleries" in the main hall have been very materially strengthened by placing thirty-two iron rods running from the roof, to the supports of the first gallery.

Three new jacketted steam kettles (75 gallons each) have been placed in the kitchen.

A new dry room has been built in the prison wash house.

Warren street on the south of the prison has been put in good repair and the grading of the embankment on the east has been completed.

Electric lights have been placed in shops Nos. 7, 8, 9, and 10, ; electric bells have been placed in the house guard room and main office.

Iron gates have been placed at the front entrance to the prison.

The "state shop" has proved to be both a necessary and economical establishment. In this shop are employed a number of mechanics, who are kept employed at their trades, viz : Carpenters, tinsmiths, blacksmiths, painters and masons, who perform all the work in their respective branches, required for the prison. Among the artices manufactured are rations pans, tin plates, coffee cans and cups, bread pans, stove pipe and all other articles required for prison and kitchen purposes.

Fifty double, iron bedsteads have been made, in anticipation of an increased population during the winter months.

The female prisoners, who number about sixty, are employed in kitchen work, prison wash-house and sewing-room. In this department all the prisoners' clothing, (for both sexes,) is made and repaired. There have been manufactured in the sewing-room during the year, 107 jackets, 891 pairs of pants, 552 vests, 86 caps, 283 aprons, 199 towels, 235 pillow-ticks, 1208 shirts, 253 sheets, 176 dresses, 188 comforters for beds, and all articles required for fenale prisoners. Seven long-term female prisoners were transferred to Auburn on June 1st, under the act creating a female State prison at Auburn.

During the year ending Oct. 31st, 1893, there was consumed for boarding and maintenance of the prisoners, 166,569 pounds of beef, 6,300 pounds of pork, 11,004 pounds of compressed beef, 1,376 pounds of flour, 1,258 barrels of potatoes, 12,329 heads of cabbage, 153 barrels of turnips, 27 barrels of carrots, 20 barrels of onions, 8,500 ears of sweet-corn, 9,418 pounds of coffee, 3,565 pounds of crackers, 15,400 herring, 107 suits of clothing furnished discharged prisoners, 941 pairs of shoes, 2,600 pairs of stockings, 1,350 suits of underwear and 2,552 pounds of tobacco. There was used in repairing shoes, 41 sides of sole and 6 sides of upper leather.

Contracts for board of prisoners exists with the Counties of Broome, Chenango, Clinton, Columbia, Delaware, Dutchess, Franklin, Fulton, Greene, Herkimer, Montgomery, Orange, Otsego, Putnam, Rensselaer, Saratoga, Schenectady, Schoharie, Ulster, Warren and Washington, at the rate of two dollars and twenty-five cents per week, which is barely sufficient to pay the expenses of their keeping. Occasionally there is a prisoner sent here with a fine imposed. It has been the practice to credit the amount of the fine if paid here, to the county from which the prisoner is sent. I would respectfully suggest to your honorable body, that you direct that in all contracts made hereafter for board and maintenance it be conditioned that all fines paid here shall be considered as belonging to the County of Albany.

I also desire to call your attention to the item of transportation, which this year amounts to $2,402.22; this expense is principally incurred through paying the return transportation of prisoners to the place they came from. This should be provided for by the Counties to which they belong, and should be charged to them respectively.

It will be observed that the amount received for board of prisoners for this year amounts to $64,832.28, as against the sum of $91,467.17 received last year, 1892. This is accounted for by the fact that the United States authorities have failed to pay the amount due for board and maintenance of its Federal prisoners, owing to a deficiency in the appropriation for the Department of Justice, amounting to about $21,000, and in part to a reduction of the amounts due from other counties.

The total expenses for the year are $98,324.97, showing a slight increase over the previous year of $1,908.51, which is accounted for by the increase in the item for provisions (owing to the increase of the price of beef during the year).

The item of salaries show a decrease. During the year there were about four thousand persons passed through the prison as visitors.

Most of the recommendations made in my last report have been carried out, with the exception of the additional boilers for increased heating surface. The entire plant is in good shape, and I am in hopes that it will not require a very great outlay to keep it up in the future, except for necessary repairs.

The Chaplains' reports are herewith submitted, to which you are respectfully referred for an accounting of their stewardship. They have been faithful in their attendance at their respective services, and to the spiritual welfare of the prisoners.

The physician's report is hereto annexed. He has been faithful in the discharge of his duties, very attentive to the sick under his care, and their wants have been looked after.

The hospital supplies have been liberal. All requisitions made for the same have been honored to the extent of about $850.

It is very gratifying to me to be able to announce to you that all claims against the penitentiary have been audited and paid in full to Oct. 31, 1893.

My thanks are due and are hereby tendered to Edward J. Deevey, Deputy Superintendent; Augustus Bowers and James F. Lyons, clerks; Dr. T. L. Carroll, Prison Physician; to the Rev. Fidelis M. Voigt, Catholic Chaplain, and Mr. George Sanderson, Protestant Chaplain of the prison, for the faithful and cheerful performance of the duties imposed during the year.

To the keepers and matrons of the Penitentiary my thanks are tendered for their strict and faithful attention to their duty at all times and under all circumstances.

In conclusion, I desire to thank you gentlemen of the commission for the valuable assistance and advice given me in the management of the affairs of the Albany County Penitentiary.

Respectfully submitted.

JAMES McINTYRE,

REPORT OF THE CHAPLAIN.

To the Commissioners of the Albany County Penitentiary:

Gentlemen: — I take pleasure in reporting, for the sixth consecutive year, concerning the religious work done among the prisoners in the Albany County Penitentiary.

The past year's work has not been exceptional in any respect that I know of, but has been fruitful in some good results, and shows encouraging features. The religious services, held on Sunday mornings at nine o'clock, were regularly held, largely attended and invariably interesting. The Gospel was presented in a simple and straightforward manner, and Christ held up as the best model of manhood and the Saviour of sinful men.

The chapel services were invariably followed by personal visitations to the prisoners in the quiet of their cells, where the opportunity was frequently presented for strengthening and deepening the convictions made in the more formal worship. In this respect valuable assistance was rendered by Mrs. Jennie Burns, who conducted a large Bible class every Sunday afternoon among the female prisoners.

The musical part of our services have been varied and helpful. Much of the efficiency in this respect is due to Miss Louisa V. Pendell, the organist, who was assisted at different times by Mrs. Emily Young Cox, Mr. James P. St. John and choir of the Memorial Baptist church, Mr. A. S. Kibbee and Miss Harriet N. Kibbee, Prof. John L. Gartland and choir of the Trinity M. E. church, Mr. William Laurence and Miss Caroline Mann.

In addition to the religious services, the usual Thanksgiving and Independent Day entertainments were enjoyed by the prisoners, many ladies and gentlemen by their presence and talents adding to the pleasure of each occasion.

The supply of reading matter donated for distribution has been very large, no less than 10,780 copies of religious papers and pamphlets having been circulated during the year. In this connection I also acknowledge indebtedness to the American Tract Society for a donation of 800 copies of their valuable publications; also the ladies of the local Woman's Christian Temperance Union for 550 Scriptural calendars for use in the cells, and to the Albany County Bible Society for 24 Bibles.

Our library continues to be a source of great pleasure and profit, and is well patronized by the prisoners. Last year the the total number of books circulated was 28,080, or an average of 540 per Sunday. Through personal appeals to friends, 323 bound and 266 paper covered books were secured and added to the library. From the same source 1,453 magazines were received and placed in circulation among the prisoners.

In the performance of my official duties I have had the cordial co-operation of the Superintendent, Mr. James McIntyre, who has given every facility for making my efforts effective. My thanks are also due to Mrs. McIntyre for many kindly acts, and the Deputy Edward J. Deevy, Clerk Augustus Bowers, Dr. T. L. Carroll and the keepers and matrons for courtesies received.

All of which is respectfully submitted.

GEORGE SANDERSON,
Chaplain.

ALBANY, N. Y., *November* 1, 1893.

REPORT OF CATHOLIC CHAPLAIN.

To the Commissioners of the Albany County Penitentiary:

GENTLEMEN: — It is a year since I have had the honor of being the Chaplain of the Albany Penitentiary.

My predecessor, Very Rev. Louis Miller, O. M. C., who had the charge for three years, being called to another field of usefulness in the Lord's vineyard, left the arrangements of the Divine service in the Penitentiary in such a good, practicable condition that I could not be else than highly pleased, and have kept the orderthe same.

We have Divine service in the Penitentiary every Sunday; one Sunday Protestant and the next Sunday Catholic service.

The attendance during these services is very good, in fact, the neat chapel seems to be too small for the number wishing to attend. I have had the honor of having been connected with the State prison of New Jersey, situated at Trenton, N. J., for ten years, and have visited many prisons and penal institutions during that time; therefore it is permissable to me to form and express my opinion. I do believe that nowhere a penal institution is better managed than the Albany Penitentiary. The humane methods of the Honorable Superintendent, Mr. McIntyre, have especially been noticeable. The prisoners when in chapel are well behaved; I have not even heard a whisper during service; the congregational singing is one of the features of the service. It is surprising with what earnestness and precision the convicts, thrown together from every nation, from all parts of the State, many who have never before assisted at congregational singing, join in the hymn.

The organist, Miss Agnes O'Malley, assisted by Mrs. James McIntyre, deserves especial credit for all that part of the service. The fame of congregational singing has gone even beyond the limits of the State, so that we often have application from outsiders to attend the Divine service at the Penitentiary.

The question has been moved among the masses, "What good does Divine service do the prisoners?" If there is any doubt, it will be banished by a visit to the chapel on a Sunday. We all know that the majority of convicts are rude and uneducated, their low association is the prime cause of their waywardness; the desire to satisfy the craving of their low passions is the immediate cause of their committing crime; these human beings have, by wearing the stripes, not changed their nature, on the contrary we know that this tends to take away the self-respect from them by stamping them convicts and criminals. Nevertheless we find that by raising their thoughts to higher things, we ennoble the man and infuse in him a ray of hope, that all is not lost. It is the opinion of all penologists that religion takes the first place of all the factors in the management of a penal institution. The prisoners are more docile, tractable and obedient; yes, they who cursed their fate in being caught and sent to prison have, under the influence of religion, shed tears of repentance and thanked God that they were "sent up" where they learned to know how "good God is, and how much He loves us." I must mention especially in my report the great kindness of Mrs. James McIntyre, who treats the poor prisoners more like a mother than an official. No sick prisoner but who has been cheered by her kindness and attention. Many a tear is shed when the prisoner is released while saying "good-bye" to her, and many a "God bless Mrs. McIntyre" is sent heavenward to be recorded.

I must likewise mention the universal courtesy of all the keepers and matrons—in fact, gentlemen, I wish to congratulate the County of Albany in the possession of such an exemplary institution and such a wise, prudent and humane Superintendent as the Hon. Mr. McIntyre is.

Thanking you, gentlemen, for your forbearance, I hereby submit my first annual report.

FIDELIS M. VOIGT,

ALBANY, *November* 1, 1893. *Catholic Chaplain.*

REPORT OF THE PHYSICIAN.

To the Albany Penitentiary Commissioners:

GENTLEMEN.—I have the honor to submit to you the Annual report of the Prison Physician for the year ending Oct. 31, 1893.

For another year the prison has maintained its excellent record of healthfulness, and we were fortunate in having only ordinary ailments to contend with. "Sick call" was held three times a week from each shop, and a prisoner reporting sick at

any time can be prescribed for. Some of our inmates when received are suffering from incurable or chronic diseases for which they may have only occasionally sought medical advice. They cannot understand why, after a month's or more treatment, they are not cured, and frequently become very impatient at the delay. Some are hypochondriacs, whom no amount of attention will satisfy. The deaths from consumption were all of colored men, whom I believe, were infected before coming here. Venereal diseases were a prolific cause of illness. Nearly every one presenting himself for treatment showed a lack of intelligent knowledge of the disease, and the necessity for careful and continuous treatment.

The inmates are warmly clothed and amply supplied with food. Seldom is a prisoner discharged who weighs less than when he was received. To feed a prisoner all that he might desire would but increase his baser nature, thereby injuring the discipline of penal life without any benefit to the convict; but when he is nourished sufficiently to keep him mentally and physically vigorous, he is more contented, healthier, and his imprisonment is doing him good.

The amount of tobacco the prisoners use should be curtailed, either by discontinuing his ration, or better by withdrawing the privilege of having it sent to him. To prohibit its use might be a hardship, but certainly incarceration tempts a man to use the weed inordinately. As I have before reported its ill effects are seen in its injury to the digestive and nervous system.

January 28, S. Horton's hands were caught between the hammer of a stamping machine and the die, and were so badly crushed as to require amputation. The next day Dr. A. Van der Veer and assistants removed all the fingers and half the palm of the left hand, and the first, second and third fingers of the right hand. The crushing was so severe there was little hemorrhage, but it caused part of the flap of the left hand to slough. The wounds otherwise healed kindly, and to-day he makes excellent use of the little finger and thumb of the right hand, and the thumb and stump of his left. The accident was due to his carelessness. May 20, Dr. G. S. Munson enucleated the left eye of John Perry, which was destroyed by severe ulceration of the cornea. The operation was necessary to save his right eye, and was performed with his consent.

We have had our usual number of cases of alcoholic excitement and one death is attributable to alcoholism. Each ensuing year I am more favorably impressed with the existing necessity of properly caring for this class of people. It is cruel to send them to prison to "sober up," for incarceration makes no moral

impression on them. Some more humane way should be devised of caring for these unfortunate people.

Four insane men and one woman were transferred to hospitals for insane; three to Washington, D. C., one to Matteawan State Hospital and one to Hudson River State Hospital. Two were unquestionably insane when sentenced, one became insane from age and two had some delusions when received.

The attendance at "sick calls" was, viz:

White men	5,570	
Colored men	4,242	
		9,812
White women	163	
Colored women	169	
		332
		10,144

A daily average of about 30.

6,839 bottles of medicine were compounded in addition to other drugs, the record of which is incomplete.

Much medicine is undoubtedly wasted under the present system of dispensing it, but no other way is suggested but that of giving out only single doses, which is impracticable here. Unless the mixture is palatable or to his fancy it is sure to be wasted or not taken.

2,131 days' time was lost by prisoners confined to their cells through some slight ailments.

In the hospital 96 patients were under treatment for 2874 days, viz.:

56 white men for	1,402	days.
40 colored men for	1,472	days.
96 men for	2,874	days.

Mr. LYNCH objected to the consideration of the resolution, and it was laid over under Rule XXIII.

Mr. SMITH requested the privilege of the floor for Mr. Kibbee, one of the officials of the House of Shelter.

Privilege was granted.

Mr. Kibbee stated that the House of Shelter was an institution founded in 1869 and organized for charitable work in reclaiming the fallen. Over 1,500 girls have been received into the institution during its period of existence; some from the streets, some from the Penitentiary and many from houses of ill-fame, and it was very gratifying to be able to state that more than fifty per cent of those girls have been redeemed and are now leading honest, straightforward and upright lives. Many unfortunate girls have been sent to the House of Shelter by the Superintendent of the Alms-House, Mr. McKenna, in delicate condition and have been nursed through their troubles and safely delivered of their unhappy offspring and themselves reclaimed through the operation of this charity.

Mr. McKenna has recommended, in his report of this year, that some sort of support be accorded the House by the Board in cases of this character, and Mr. Kibbee was here to-night to assist along the suggestion of Mr. McKenna. He thought that, at least, the sum of $10 might be allowed the institution by the Board, in all cases of lying-in.

It was not absolutely sufficient to defray all the expenses of such cases, but it would help quite considerably where they had as many cases as the institution has had of late.

In answer to Mr. Rundell, Mr. Kibbee stated that the institution would take cases of lying-in from any locality within the county of Albany. Where they were taken from other parts of the State

they were an expense to the institution and would not be charged to the county.

Mr. Kibbee expressed the hope that the county would examine into the merits of the suggestion of the Superintendent of the Alms-House and assist, in the relation mentioned, the House of Shelter, which, as an institution, has proved itself to be a very worthy charity.

COHOES, N. Y., *Dec.* 12, 1893.

To the Honorable the Board of Supervisors:

In regard to the Cohoes armory, if the 7th Separate Co. occupy the armory after May 1, 1894, and are not entirely moved out by that date, I should like to have it understood that the armory is rented by the State for another year, beginning May 1, 1894, as same rented as at present.

REPORTS.

The following, comprising the annual report of District Attorney James W. Eaton, was received and, on motion of Mr. GAFFNEY, ordered printed:

To the Honorable, the Board of Supervisors of the County of Albany:

I have the honor to make the following report:

I have received as District Attorney no moneys belonging to the county, during the last preceding year, except the sum of $15,

received as costs in the case of *The People* v. *Pelot*, in which an action upon a forfeited bail bond was begun, but the forfeiture afterward remitted upon the payment of costs and a return of the defendant. This money was paid to the County Treasurer.

In the action against Dennis Maloney and Samuel Nelson, the sureties on the bond of Thomas O'Brien, I have the honor to report that the judgment has been satisfied by the sale of the property belonging to the defendant Dennis Maloney, situated in the village of West Troy, at the following dates and for the following amounts:

March 20, 1893	$3,000 00
" " "	3,000 00
" " "	2,500 00
" " "	1,500 00
May 31, 1893	1,322 88
Total	$11,322 88

The property was bought in for the county in the name of the county. Upon the expiration of fifteen months from the dates of sales, the title to the property will vest in the county, unless it shall have been redeemed under the statute applicable to such cases. The redemption will be made through the County Treasurer.

I have, during the year, acting as counsel for the County Treasurer, collected a considerable amount under the Collateral Inheritance Tax Law and the subsequent amendatory acts, all of which appears in the report of the County Treasurer.

Fines are now paid directly to the Sheriff and do not pass through my hands.

All of which is respectfully submited.

Dated ALBANY, *December* 12, 1893.

JAMES W. EATON,
District Attorney of the County of Albany.

UNFINISHED BUSINESS.

Mr. LYNCH moved to call from the table the resolution offered by Mr. McCarty at the meeting of last evening. He stated that he did this at the request of Mr. McCarty himself. (The motion was carried.)

Mr. LYNCH asked Mr. McCarty if he had any thing to offer by way of explanation of the resolution or its objects.

Mr. MCCARTY stated that the resolution clearly explained itself.

Mr. LYNCH thereupon moved the adoption of the resolution, to-wit:

WHEREAS, Many persons are making general complaints as to the increase of tax rates, and believing the same can be materially reduced; and

WHEREAS, We believe a rigid economy should be entertained by this Board, therefore be it

Resolved, It is the sense of this Board that all persons holding positions, elective or appointive, city or county, whose compensation or salary exceeds $100 per month, should be reduced to a sum not exceeding $100 per month; that it is the sense of this Board the number of employees are in excess of the number actually wanted to perform the duties, and that honorable, honest, upright citizens can be found who would fill the positions for the salary so paid, and the city and county as well governed.

The resolution was thereupon lost by the following vote:

Nays — Messrs. Cantwell, Cummings, Eliff, Gaffney, Lasch, Lawlor, Lester, Lynch, McCabe, McCarty, McCreary, President, Prior, Rundell, Skillicorn, Smith, Vanderzee, Wallace, Witbeck — 19.

Mr. RUNDELL, in explaining his vote, stated that while he favored the most rigid economy in expending the county's money, he believed that good officers could not be secured to perform the county's work as it ought to be done for any such salaries.

Mr. LYNCH moved to reconsider the vote by which the resolution just before the house was lost.

Lost by the following vote:

Ayes — Messrs. McCarty, Rundell — 2.

Nays — Messrs. Cantwell, Cummings, Eliff, Gaffney, Lasch, Lawlor, Lester, Lynch, McCabe, McCreary, President, Prior, Skillicorn, Smith, Venderzee, Wallace, Witbeck — 17.

Mr. MCCARTY offered the following:

Resolved, That it is the sense of this Board that the salaries of many persons holding positions, elective or appointive, city or county, should be reduced, as honorable, honest and competent citizens can be found to fill the positions for a less salary than now paid.

Lost by the following vote:

Ayes — Messrs. McCarty, Norwood, Palmatier, Patterson, Palin, Putnam, Quay, Rundell, Schifferdecker, Walker — 10.

Nays — Messrs. Cantwell, Cummings, Eliff, Gaffney, Lasch, Lawlor, Lester, Lynch, McCabe, McCreary, President, Prior, Skillicorn, Smith, Vanderzee, Wallace, Witbeck — 17.

Mr. LYNCH moved to reconsider the vote by which the resolution offered by Mr. McCarty, and just before the house, was lost.

The motion to reconsider was lost by the following vote:

Ayes — Messrs. McCarty, McCreary, Palmatier, Patterson, Palin, Putnam, Rundell, Schifferdecker, Walker — 9.

Nays — Messrs. Cantwell, Cummings, Eliff, Gaffney, Lasch, Lawlor, Lester, Lynch, McCabe, President, Prior, Skillicorn, Smith, Vanderzee, Wallace, Witbeck — 16.

REPORTS.

The following report from the Superintendent of Alms House was received and, on motion of Mr. Gaffney, was ordered printed:

REPORT.

ALMS-HOUSE, *November* 1, 1893.

To the Honorable the Board of Supervisors:

GENTLEMEN.—In compliance with the requirements of chapter 354, Laws of 1884, I have the honor to transmit herewith my report for the year ending October 31, 1893:

On October first, of this year, the State assumed entire charge of the insane. We will endeavor to continue to keep an accurate account of the admission and discharge of patients from Albany county, for the benefit of the relatives.

The county will be required to defray the expense of examinations in lunacy, and each patient must be furnished with an entire new suit of outer and under clothing.

Attendants must be provided to watch violent patients, until they are delivered into the hands of officers who will arrive from the State hospital. This will be an expense which I will contract only when extremely necessary and which I will present in itemized accounts to the County Treasurer.

There should be a place provided for the care of patients, pending their examination as to their sanity. They cannot be placed in jail, and hospitals will not receive them.

If a pavilion could be erected at a small expense, or some part of one of the hospitals could be set apart for the reception and care of these cases until their mental condition has been decided upon, it would be a great benefit to the patient and the State.

There is no doubt that in hurried examinations, injustice is done to the patient.

There has been a considerable increase over former years in amount expended for care of children in asylums. Two-thirds of these children have been committed to the asylums on account of the bad habits of the parents. It seems an injustice to the tax-payers that they should be supported by the county without some remuneration.

There should be a law by which a drunken or lazy father who neglects to provide for his family, could be sent to the Penitentiary, and his weekly or monthly earnings in that institution sent to his family. After his term of imprisonment expires, thirty days be given to him to show a disposition to reform, and if after that time he continues to neglect his family, send him back to prison.

I am satisfied that if this course is adopted, that they would soon care for their families, and there would be less children for the county to pay for in asylums.

The House of Shelter is a very accommodating institution. It has saved the city and county of Albany much money. Wayward and unfortunate young women who apply to this office for assistance are sent there, and are taken care of without charge.

For the past two years it has been very difficult to obtain accommodations in hospitals for confinement cases. The nursery at Alms-House has been abolished. The House of Shelter, under the circumstances, has set aside a portion of their institution for a lying-in department, and has attended to a number of patients, without expense to the county.

I would recommend that the House of Shelter be allowed, in their annual account, $10 for each lying-in patient sent there by the Superintendent of Alms-House.

Persons of weak mind continue to come or are sent to our city. Mothers with children come from other places and ask to have their children placed in our asylums, for the reason that they have no institutions where they came from.

November 21, 1892.—A man of weak mind was brought to office of Alms-House. He belonged to South Framingham, Mass. I returned him.

November 28, 1892.—Application was made to place six children in asylum, eldest aged ten years. Father was living in Louisville, Ky. Children with mother had been here two months. I purchased two second-class tickets and sent them with mother to Louisville, otherwise I would have had to send them all to the asylum.

February 6, 1893.—Insane man from Windsor, Canada. I sent him home.

March 15, 1893.—Boy aged twelve years brought to office by police. I investigated his case, and found that he resided in Westboro, Mass., and had been in an asylum. I returned him.

March 14, 1893.—An English family, viz., man and wife and two children, came to office and asked to be admitted to Alms-House. I ascertained that they were State paupers. I took their statement and sent it to the State Board of Charities, and that department returned them to Manchester, England.

April 13, 1893.—Three orphan children, aged ten, six and three years. Application made to place them in an asylum. Aunt in Philadelphia was willing to take care of them if sent to her. I sent them.

May 9, 1893.—Application made to place mother and infant in St. Mary's Home. Child was born in Port Byron, N. Y., and had been here only three weeks. I returned them to Port Byron.

May 15, 1893.—Insane woman resided with her mother at 55 Maverick street, East Boston. She was found wandering the streets of Albany, and was brought to our office by police. I returned her to Boston, and saved the county expense for her care in a State hospital for insane.

June 24, 1893.—Children were being provided for through charity for past year. Father was willing to care for them if sent to him. Sisters of St. Margaret's Home collected money to send the children to the father. This office contributed $10. If I had not done this, the children would have been a charge on the county.

July 18, 1893.—A young woman came to office and asked to be admitted to Alms-House hospital. She was afflicted with a loathsome disease. She was from Dundee, Scotland, and landed in Montreal, Canada, about six months ago. I had her adjudged a State pauper, and that department sent her back to Dundee, Scotland.

During the year I collected from the State $827.92, in return for expenditures for the transportation of insane. The above amount was sent to the County Treasurer.

The amount expended for the transportation and transferring of insane patients, orphan and destitute children, and deaf, dumb and blind pupils, and alien paupers, from November 1, 1892, to November 1, 1893, was $1,293.96.

The certified disbursements of Overseers of the Poor in delivering insane and paupers to Alms-House from November 1, 1892, to November 1, 1893, was $200.87.

The amount received from relatives on account of insane patients who are in State asylums as charges on county was, from November 1, 1892, to November 1, 1893, $2,537.11.

The number of insane patients remaining in hospital November 1, 1893, was 554; increase of 26 from November 1, 1892.

The number of orphan and destitute children remaining in asylums November 1, 1893, was 672; increase of 20 from November 1, 1892.

In compliance with the requirements of chapter 354, Laws of 1884, a tabulated statement will be found annexed to this report.

Respectfully submitted.

JOHN McKENNA,

Superintendent of Alms-House.

Mr. LYNCH, addressing the chair in a personal relation, presented the President with a beautiful diamond solitaire stud in the following language:

MR. PRESIDENT—On behalf of the members of this Board I have the pleasure of offering to you as a slight token of our admiration, esteem and friendship, this little present, and trust you will receive it as an evidence of our good will towards you. We believe that our relations in the Board have been of such a character that in the distant future we can recall pleasant reminiscences of our associations as members of the Board of Supervisors of 1893.

As we are now about to separate, perhaps not to meet again in the capacity of supervisors, we tender you this as an expression of our best wishes for your future prosperity and success.

President CARLIN receiving the present from the hand of Mr. LYNCH responded as follows:

GENTLEMEN OF THE BOARD OF SUPERVISORS—I sincerely thank you who are present, and also those who are the absentees at our meeting to-night owing to the battle-royal at the Penitentiary to-day, no doubt, for this beautiful expression of your feelings towards me. I am very glad to see such a pleasant ending of what at one time appeared to indicate unpleasant and disagreeable associations between the members of the Board, but all is well that ends well. As a good working Board the present one has not been surpassed, in the quick and thorough transaction of the county's business, by any Board of recent years. The economic principle has been kept in view, while every just claim has been promptly allowed. As Mr. Lynch has just remarked, we are now about to sever our relations as a Board of Supervisors.

After the organization of the Board had been effected, although it took some time to effect that result, the best of feeling prevailed among the members and every energy was bent to perform our full duty to the public and to our several constituencies. Now that our legislative labors have been successfully concluded, and we are about to part, perhaps not to meet again as Supervisors, permit me to thank you one and all for your kindly co-operation in the dispatch of business, as well as for y ur generosity in presenting me with this beautiful gift.

Mr. RUNDELL, addressing the chair, spoke as follows:

MR. CHAIRMAN AND MEMBERS OF THE BOARD—A very pleasant duty has been assigned me at this time. The labors of the Board of Supervisors in public session are about concluded, and it seems proper that amid the hand-shaking and the good-byes that will soon be exchanged some substantial expression to the Clerk of the Board is in keeping with the occasion. The Board has delegated me, Mr. Clerk, on account of our long and friendly relations, to present you with this beautiful diamond ring, and as the ring is continuous in its circle, so may your relations with the members who have so generously contributed to the purchase of this token be continuous while we are permitted to be associated together. Please accept this token, together with the thanks of the members.

The Clerk, in response, spoke as follows:

MR. CHAIRMAN, MR. RUNDELL AND MEMBERS OF THE BOARD—Am very much obliged to you all, gentlemen, for this kindly remembrance of me as is expressed in the bestowal of this beautiful present. There is hardly

anything to say in response to this evidence of good wishes, that will better express the feelings of gratitude, than the world-old "thank you." I am again reminded that the gentle powers of courtesy are far more suasive to incline the heart, to secure the friendship, to maintain the respect, to, in a measure, attain the control of the little world we move in, than the practice of the coarse and forceful methods sometimes employed by the strong in dealing with the weak.

Fair and gentlemanly treatment, with no desire to overreach those who happen to disagree with us by crooked or subterranean means, inspires the respect of our most determined opponent.

But whatever my practices may have been, I assure you, my dear friends, that I am in no little degree gratified with the present show of feeling extended to me, for to-day, perhaps, of all the days of my rather fitful life, I find myself most in need of encouragement and friendship.

This is apparently a very valuable as well as a very beautiful diamond ring and I am very glad that it is not an amethyst, as I was given to understand by a little bird you intended to present the Clerk with.

An amethyst, according to ancient tradition, possesses very peculiar virtues. Remembering this I should have been very cautious as to how to regard the gift, whether to take it as a friendly warning or as a deep suggestion.

An amethyst, according to the definition given by the latest great dictionary, means a cure for drunkenness.

It is related in the ancient Grecian chronicles regarding the virtues of the amethyst, that when the stern spirits of that martial people would unbend sufficiently to permit the grim old sports to take a "night off" for a "little time," you know, the stuff manufactured in those days was of such a character that just an ordinary Saturday night and Sunday drunk would send the snakes through the sandals of those old sports a yard long. In the absence of the county physician of those times the sportive Supervisors of ancient Sparta, for instance, would be obliged to dissolve about a dozen or two amethysts, so the legends go, in a schooner of the stuff drunk in those days in place of our modern "Tom Moore," and quaff it deep and to the dregs, and in some extra bad cases, perhaps swallow the schooner too.

This treatment was regarded as a sure cure for the "horrors," as they called it then, which is the same disease that myself and Bro. Carlin recognize as the "jimmies" of the present day.

Now, gentlemen, if my dear friend, the gentlemanly Grecian scholar who suggested the amethyst for your clerk, meant to convey, in his delicate manner, the idea that your humble servant was in great danger of the "horrors" by reason of applying himself too frequently to Tom Moore's poems, and was desirous of saving the Clerk from its results by having handy the most potent, famous and succesful antidote of the poison known to ancient or modern civilization, outside of the Keeley cure, then the Clerk is doubly grateful for this care and anxiety concerning his welfare.

But, nevertheless, I am very glad that the gentleman was induced to change his mind and select this much more valuable and appropriate jewel. This diamond ring is beautiful enough to be a "signet of the queen," with which all doors are opened and all faithful subjects made to serve.

The only way I can swallow this gem and be in line with either ancient and modern civilization, is to wait until a further depression in the money market makes it ne essary to see my uncle about it. For one who has lived a few weeks on his overcoat, during hard times, this little beauty will mean three squares a day for a month or more.

But seriously, gentlemen, I am very, very grateful to you all for your kindly consideration of me, and I wish you all, from my heart's deeps, prosperity in your business and happiness in your homes, as these constitute about all there is in life worth possessing. Wishing you all a merry Christmas and happy New Year, plenty of the fruits of the fields and good cider in your cellars, a new road machine in every district and Mr. McCarty a hundred a month forever, I bid a kind farewell.

Mr. CANTWELL moved that the speech of the clerk be printed in the minutes.

The PRESIDENT stated that there was no danger of its being left out.

On motion of Mr. LYNCH the Board adjourned *sine die*.

A true record.

SPECIAL MEETING.

THE LATE MARTIN J. LAWLOR.

MONDAY, *March* 12, 1894.

Pursuant to call, the Board convened at 8 p. m., to take action on the death of Supervisor Martin J. Lawlor, and was called to order by President CARLIN

In stating the object of meeting, the President feelingly alluded to the sad event which had occasioned the present gathering of the members, and suggested the appointment of a committee to draft the customary resolution and to prepare for attending the obsequies.

MR. PUTNAM moved that a committee of seven, of which the President shall be chairman, be named by the President to draft a suitable obituary resolution. Carried.

The President named as such committee Messrs. PUTNAM, CANTWELL, ELIFF, MCCABE, SKILLICORN and WHITBECK.

On motion of MR. MCCABE a recess was taken to permit the committee to confer.

The meeting re-convening, Mr. PUTNAM presented the following:

Whereas. In the operation of the divine mandate which all, sooner or later, are destined to obey, in the very flower of his youth and when life's hopes and ambitions seemed easy of realization, the spirit of our respected colleague in the Board of Supervisors, Martin J. Lawlor, entered the shadowy portals of the realm of death, and,

Whereas. Respected as he was by his neighbors, who honored him repeatedly and in a most expressive manner; beloved, by his friends to whom he was steadfastly faithful; and, admired by those who had but the slighest acquaintaince with him, his death at this time, is to be deeply deplored by this body of which he was a dutiful member and, in which, in the transaction of its official business, his many good qualities appeared and were appreciated even by those not in political accord with him; therefore be it

Resolved. That the Board of Supervisors of the county of Albany expresses its sincerest sorrow at the death of Martin J. Lawlor, the representative in this body from the Fifth Ward City of Albany, and extends its deepest sympathy to his family and friends in the irreparable loss sustained by them by his early demise; that, this board attend his funeral services in a body; that his chair be draped in mourning for the usual period, and that these resolutions be spread upon its minutes of proceedings.

JOHN J. CARLIN, THOMAS F. MCCABE,
PETER PUTNAM. JR., ANDREW J. WHITBECK,
JAMES SKILLICORN, MATHEW ELIFF,
WILLIAM H. CANTWELL *Committee.*

Adopted by a standing vote.

A true record.

The Board attended the funeral in a body.

HENRY A. MALOY, *Clerk.*

LAWS

PASSED BY THE LEGISLATURE

RELATING TO

ALBANY COUNTY,

AND

Local Laws Passed by Board of Supervisors.

LAWS PASSED BY THE LEGISLATURE.

CHAPTER 283.

AN ACT IN RELATION TO THE POWERS AND DUTIES OF THE BOARD OF SUPERVISORS OF ALBANY COUNTY.

PASSED May 14, 1881; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly do enact as follows:

SECTION 1. All claims and demands against the County of Albany, which are to be passed upon by the Board of Supervisors of such county must be presented to the Board in the manner now required by law, in the form of accounts, itemized and verified as hereinafter provided for. Such accounts, after being presented, shall be delivered to the Clerk of the Board, and shall (excepting the verification thereof) be printed under the direction of said Clerk, at an expense not exceeding the ordinary price paid for such work, and shall be distributed under his direction to each member of the Board within eight days after such accounts have been presented; and no claim or demand against such county of the character above described, shall be in any manner acted upon by the Board (except to refer the same to an appropriate committee for examination and report), until three days after such account has been printed, and distributed as herein reported. A willful neglect to have such accounts as are above described printed or distributed as by this act required, and within the times herein specified, and the presentation of an account known to the person presenting it to be fictitious and without any foundation, shall be a misdemeanor.

§ 2. Each account must state when and where the work was performed or materials furnished, and by what contract or under what authority it was performed or the materials furnished, and must state, with reasonable detail, the character and amount of

the work done and materials furnished. The account must contain the names of each person interested in the same, or who makes any claim to any share or portion of the sum to be paid.

§ 3. Such account must be verified by one at least of the parties in whose name the same is presented, and must be to the effect that the same is presented in the name or names of the real party or parties in interest, and that the contract was not made or the work performed or materials furnished in the name of one person for the benefit of another; and that no county officer or member of any board or commission of the county, or salaried employe thereof, is or has been directly or indirectly interested therein, either in the doing of the work or the furnishing of the materials, or has been paid or promised anything for the letting of the contract. That the work as charged for was actually done, and the materials specified actually furnished and used at the times and places mentioned, and are of the value charged, or at the prices specified in the contract. That no bill has been presented or claim made theretofore for the payment of such work or materials, or for any part or item of such work or materials except as therein stated, and if such bill has been theretofore presented, or such claim has been theretofore made for the whole or any part thereof, it shall be stated to whom or what board, body or commission it shall be stated to whom or what board, body or commission it was presented or made, the time or times thereof, and the action of such person, board, body or commission thereon, and when such action was taken.

§ 4. The Clerk of the Board shall prepare a blank form of verification, under the last section, to be approved by the District Attorney, and it shall be printed and furnished by said Clerk gratuitously to all persons demanding the same, and who have a claim or demand of the aforesaid character to present to the Board, and no account shall be presented to the Board, or received or paid or ordered paid, or acted upon by it unless the verification is in the form prepared by said Clerk; and in no case shall the account be paid until five days after the proceedings of the Board allowing or auditing the account have been printed or distributed, as herein provided for, of which the certificate of the Clerk of the Board to that effect shall be evidence, and such account shall not be paid by the County Treasurer at all, unless

the verification and the bill presented complies with the provisions of this act. When paid the original account or bill having the verification attached shall be receipted by the party receiving the money, or his duly authorized agent, and filed with the County Treasurer, and is hereby declared to be a public record in his office. All claims and demands presented, including verification, which shall not be allowed or paid, shall be retained and filed, with the proper indorsement of the name, date and amount, by the Clerk of the Board, in his office, and shall be public records.

§ 5. The proceedings of the Board of Supervisors shall alsb be printed and distributed, under the direction of its Clerk within the time above mentioned for the printing and distribution of the aforesaid accounts. In addition to the number of copies that may be required by the Clerk of the Board, for the distribution above provided for, there shall be printed three hundred copies, which shall be kept by said printer in some safe place, and immediately after the first day of January in each year such copies for the preceding year shall be bound in good law sheep at the prices ordinarily paid for such work, under the direction of the Clerk of the Board, with an index list of county officers, committees, et cetera, to be prepared by him, and the same shall be distributed under the direction of the Board.

§ 6. Upon the payment of ten dollars to the County Treasurer of the county any taxpayer may have for one year a printed copy of the proceedings of the board, and of the printed bills as they are from time to time distributed, and at the times above described for their delivery to the members of the Board, delivered to him at some place to be designated by him, and within one-quarter of a mile from the place in which the Board holds its meetings.

§ 7. None of the provisions of this act shall be held to affect the salaries of county officers, or the mode or manner in which payment thereof is made, or the wages of the city laborers; nor shall the provisions of this act affect any contract now existing; and none of the provisions of this act shall apply to the employment of counsel to aid the District Attorney in any legal matters in which the county is interested when such employment is by authority of law.

CHAPTER 79.

AN ACT TO REGULATE THE TRANSACTION OF PUBLIC BUSINESS IN THE COUNTY OF ALBANY.

PASSED March 7, 1883; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the County of Albany shall meet annually, for the purpose of organizing, on the second Tuesday in May in each year, and shall at such meeting elect a President and Clerk of the Board, and also the Journal Clerk hereinafter mentioned. The Board shall also meet on the second Wednesday next following the general election in November in each year, for the purpose of auditing claims and accounts against the County of Albany, and of doing any of the other several acts and things which it is provided by law shall be done by said Board.

§ 2. It shall be the duty of the Clerk of the Board to cause to be published in two newspapers, in the County of Albany, on the fifteenth day of October, and daily, except Sundays, for the two weeks succeeding that date, a notice requiring all claims and demands against the County of Albany to be presented to the Clerk of said Board, on or before the first day of November following, at his office in the City of Albany (and upon blanks which can be had upon application to said Clerk) which notice shall state that all claims not presented on or before that date in the form and with the verification required by chapter two hundred and eighty-three of the Laws of eighteen hundred and eighty-one, cannot be audited by the Board of Supervisors at its then next annual meeting. It shall also be the duty of the Clerk to cause such notice to be printed upon postal cards, and to mail such cards one addressed to each person, corporation or institution in whose name any bill or claim was audited by the previous Board of Supervisors, and to each other person who shall file with the Clerk a written notice that he has any claim or demand against the said County of Albany.

§ 3. The said Clerk shall examine all claims which shall be presented pursuant to said notice, and shall enter in a book to be kept by him the name of the claimant and of the person actually

presenting or delivering the claim; the amount of the claim and the date when the bill or claim was presented, and such other matters as may be proper. All bills or claims which shall not comply in form and verification with the provisions of chapter two hundred and eighty-three of the Laws of eighteen hundred and eighty-one shall be forthwith returned by the Clerk to the claimant personally or by mail, with a notification of the defect therein, and that the same must be returned duly corrected, to said Clerk on or before the tenth day of November following, or that it cannot be audited or allowed by the Board of Supervisors of that year. The Clerk shall, on or immediately after the said first day of November in each year, cause the bills so presented as aforesaid, which are not defective in form, to be printed as required by chapter two hundred and eighty-three of the Laws of eighteen hundred and eighty-one, and the same shall be numbered in the order in which they are printed. All bills which having been returned to the Clerk as defective shall be again presented to him in due and proper form on or before the said tenth day of November, but none others, shall be in like manner printed. No bill or claim against the county, except such as shall be so presented and printed as above provided for, shall be audited by the Board of Supervisors, except that in case of extraordinary public emergency the Board shall have power, by unanimous consent, after a two days' notice has been given by any member of his intention to present any bill, to allow such bill to be presented and printed, and the same may then be audited as other claims against the county; provided, however, that in the year eighteen hundred and eighty-three the Board of Supervisors may by resolution direct that any bills presented in due form during the first week of its session shall be printed, and the same may in that case be audited as other county charges.

§ 4. The bills presented by Inspectors of Election and Poll Clerks, and by Coroners' Jurors, need not to be presented before the first day of November, and shall not be printed or distributed by the Clerk; but in all other respects as to form, verification and manner of audit and payment, the provisions of chapter two hundred and eighty-three of the Laws of eighteen hundred and eighty-one, as hereby amended, shall apply to such bills.

§ 5. The Clerk shall receive a salary of one thousand eight

hundred dollars, payable monthly, and shall have the assistance from the fifteenth day of October of one Clerk, who shall be known as the Journal Clerk, and shall receive on the certificate of the Clerk a salary of five hundred dollars, and shall continue to act during the session and thereafter until the duties of that position are fully executed, to the satisfaction of the Clerk; and of a second clerk who shall be appointed by the Board of Supervisors at their first meeting in November, and be known as the Committee Clerk, and shall receive on the certificate of the Clerk a salary of three hundred dollars, and shall continue to act during the session of the Board. Such clerks shall assist and be under the direction and control of and be subject to removal by the Clerk of the Board of Supervisors, who shall fix and define their respective duties. It shall be the duty of the Clerk of the Board, either himself or by his two subordinate clerks, to give all clerical and other assistance required for the preparation of the official canvass of votes, and the footing up and verification of the assessment-rolls, and which may be essential and proper for the efficient conduct and execution of the duties devolved upon the Board of Supervisors or any of its committees, and no other clerks or other persons shall be paid for any such services.

§ 6. Whenever the Board of Supervisors of Albany County is now authorized by law to audit and allow any sum of money for publication of notice of redemption from tax sales, for rent of real estate, or for services to be rendered continuously throughout the year, by any officer or employe, either in its own discretion or upon the certificate or approval of any other board or officer, it may, upon the presentation of the proper certificate or approval, or without it, if none is required, direct in advance that such rent, or such person so rendering the services, shall during the ensuing year be paid quarterly or monthly, by the County Treasurer, a sum to be stated in each case, which shall not exceed the amount the Board is now authorized by law to allow for such services, if a duly verified claim for the same were presented for audit, and may also direct in advance the payment of the expense of publishing notices of redemption from tax sales, provided that all claims and bills presented to the County Treasurer for payment under this section shall be in the same

form and be verified in the same manner as would be required in case such bills were presented to the Board of Supervisors of Albany County for audit; and they shall not be paid by the County Treasurer unless presented in such form and duly verified, and in the case of the redemption notices, a printed copy of such notice shall be attached to the bill.

§ 7. This act shall not in any way apply to or affect the provisions of chapter fonr hundred and ninety-seven of the Laws of eighteen hundred and seventy-five, or the work therein provided to be done, or the compensation to be paid therefor.

§ 8. Whenever a claim against the County of Albany is presented by any county officer or the member of any board or commission, or salaried employe of the county, which he is authorized by law to present for audit, the said officer, member or employe may strike out from the affidavit of verification of such claim the allegation that no county officer or member of any board or commission, or salaried employe thereof, is or has been, directly or indirectly, interested therein (but no other part thereof), and substitute at the end of such affidavit a statement as to his relation to the county.

§ 9. Whenever, in any law, a reference is made to the annual session or meeting of the Board of Supervisors, it shall be construed and deemed, as regards the Board of Supervisors of Albany County, to mean and intend the session or meeting of said Board to be held commencing in November of each year.

§ 10. It shall be the duty of the Board of Supervisors of Albany County to raise in the county tax budget each year a sum not less than twenty thousand dollars, which shall be applied to the payment and extinguishment of so much of the principal of the bonded debt of the county.

§ 11. The amount of salaries of the Assessors of the City of Albany, as provided for by chapter four hundred and forty-seven of the Laws of eighteen hundred and seventy, shall hereafter be included in the tax budget of said city, and be received and paid out monthly by the Chamberlain of said city, instead of by the County Treasurer.

§ 12. The amount of money now required by section twenty-five of chapter two hundred and eighty-four of the Laws of eighteen hundred and seventy-two, for the salaries and expenses

of the officers employed by the District Attorney of Albany County, shall hereafter be disbursed by the County Treasurer of Albany County, who shall in all respects perform the duties now imposed by said section upon the Chamberlain of the city of Albany.

CHAPTER 261.

AN ACT IN RELATION TO THE MANAGEMENT OF THE ALBANY PENITENTIARY.

PASSED May 11, 1885; three fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. All the powers and duties now imposed by law upon the Board of Supervisors of Albany County, and upon the Mayor and Recorder of the City of Albany, associated with said Board in relation to the maintenance, management and care of the Penitentiary in said city and the inmates thereof, the establishment and adoption of rules for the regulation and discipline thereof, the appointment of officers to take charge thereof, the fixing of their compensation and prescribing their duties, together with all other rights, powers and duties relating to said Penitentiary, vested in said Board of Supervisors or said Mayor, Recorder and Board of Supervisors, except as hereinafter modified, are hereby vested in the Albany Penitentiary Commission, as hereby constituted.

§ 2. The President of the Board of Supervisors of Albany County shall, within sixty days after this act shall take effect, appoint a resident freeholder and citizen of Albany County one commissioner of the Albany Penitentiary Commission, who shall hold his office up to and until noon of the first day of October, in the year one thousand eight hundred and ninety, and thereafter until his successor shall be appointed. Within the thirty days prior to said first day of October, in the year one thousand eight hundred and ninety, and in like manner every five years thereafter, it shall be the duty of the President of the Board of Supervisors of Albany County to appoint a Commissioner of the Albany Penitentiary Commission. Said Commissioner so appointed shall hold office for the term of five years following the hour of noon of the first day of October succeeding his appointment. The appointment of such commissioner shall consist of a

written certificate of appointment, signed by said president, and the filing of the same with the Clerk of the Board of Supervisors of Albany County, which certificate shall be by said Clerk reported to said Board at its next meeting, and be printed in its minutes. If such appointment shall not be made and filed within the thirty days prior to any first day of October, above designated for the making of any such appointment, it may be made and filed within thirty days preceding any following first day of October.

§ 3. The said commissioner, so appointed, together with the District Attorney of Albany County, who shall be a commissioner by virtue and during the continuance of his term of office, and the County Treasurer of Albany County, who shall also be a commissioner by virtue and during the continuance of his term of office, are hereby made and constituted the Commissioners of the Albany Penitentiary Commission.

§ 4. The Albany Penitentiary Commission shall, whenever a vacancy shall occur in that office, appoint the superintendent or principal keeper of the Albany Penitentiary, who shall receive a salary of three thousand dollars a year, and shall not be engaged in any business or at any other occupation or employment. They shall, also, by general rules, fix and prescribe the number of subordinate officers and employes, who shall be appointed by such superintendent, and their respective salaries and duties. Said commission shall, annually, between the first and tenth days of December in each year, present to the Board of Supervisors of Albany County a report, showing in detail the receipts and disbursements of the year, the respective sources from which money has been received, and the respective purposes for which it has been paid out, and also a general summary of the same; the name of each person employed and the salary or compensation paid him or her; the cost of maintaining each person in the Penitentiary, and in tabular form the number of prisoners therein each day during the year. Said report shall also contain a statement of the gross and net earnings, if any, of the Penitentiary during the past year, and the average earnings of the prisoners per capita, and such other information as will show the then condition of the Penitentiary and the manner of its management during the previous year.

§ 5. The said commissioners shall chose from their number a chairman and secretary. The chairman shall preside at all meetings of the Board. The secretary shall record in a book to be procured by him for that purpose, at the county expense, all proceedings, orders, resolutions and decrees of the Board. Such book shall be and constitute a public record, and shall be kept and preserved by the secretary. The books of account, records, documents and all other papers in said Penitentiary shall be at all times open to the inspection and examination of the Board of Supervisors of Albany County, or any committee thereof, and copies thereof and any information upon any subject relating to said Penitentiary or its management, when asked for by said Board, shall be at all times furnished to said Board by the Superintendent of the Penitentiary.

§ 6. The said Superintendent of the Penitentiary, under the supervision and direction of the said commissioners, shall deposit with the County Treasurer of Albany County all moneys received by him for said Penitentiary or in its management, and all moneys required in the conduct of the business of said Penitentiary for the payment of officers or employes thereof, or any disbursements connected with it or its management (except the wages and salaries which shall be paid upon the certificate of the Superintendent of the Penitentiary), shall be paid upon bills made out in the same form, and verified in the same manner as is now required in the case of claims presented for audit to the Board of Supervisors of Albany County, when such bills are accompanied with the warrant of the Superintendent of the Penitentiary, specifying the person to whom, the services or supplies for which, and the amount in which such payments are to be made, and duly signed and dated; provided, however, that the Supersntendent may, for petit disbursements and expenses, pay out and disburse in any one month an amount not exceeding two hundred dollars, of which disbursements the Superintendent shall render a detailed account each month to the Commissioners of the Albany Penitentiary, which shall be audited by them, by by each commissioner who approves thereof, certifying in writing thereon the fact of such approval; and when so approved by a majority of said commissioners, it shall be paid by the County Treasurer. The County Treasurer shall keep an account of all the receipts and disbursements provided for in this act.

§ 7. The commissioners or anyone of them may be removed at any time upon charges presented against them or any one of them by the Board of Supervisors of Albany County, which charges and the proofs in relation thereto shall be brought to a hearing before the Special Term of the Supreme Court held in Albany County on a notice of eight days of the time and place of such hearing to said commission or commissioners against whom such charges may be presented. If, upon such hearing, it shall appear that such commissioner or commissioners shall have violated the law, or shall have failed in any way faithfully and zealously to carry out the purpose of this act, or perform the duties imposed hereby, the court shall so adjudge, and thereafter the commissioners or commissioner against whom such adjudication shall be made shall cease to be such commissioners. Any vacancies in the commission so caused shall be filled for the unexpired term by the certificate of appointment of the President of the Board of Supervisors, filed with the Clerk of the Board of Supervisors. And any vacancy for any cause, arising in the office of the commissioner whose appointment is provided for in section two of this act, shall be filled in like manner by the President of the Board of Supervisors.

§ 8. The Superintendent of the Penitentiary may be at any time removed by the decision of a majority of said commissioners, for neglect of duty or violation or disregard of the rules or regulations prescribed and adopted by said commission for the management of the Penitentiary, or for incompetency; provided, however, that before any such removal shall take place, written charges shall be made and signed by at least two of said commissioners against said Superintendent, and together with a written notice of a time and place at which the Superintendent will be heard in answer thereto, be served upon him, and he shall be entitled to appear and be heard at such time and place, and give any proper proofs in the matter in question.

§ 9. All the business and affairs of said Penitentiary shall be conducted in the names of said commissioners as such, and all liabilities existing against any person, persons or corporations shall be enforced by them in their names as commissioners.

§ 10. This act shall take effect the fifteenth day of May, eighteen hundred and eighty-five.
